Hey there, I'm   a UI Designer
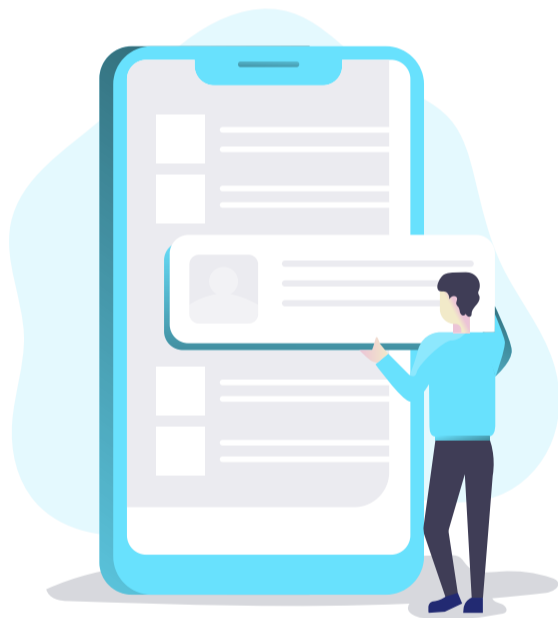

I am a Multimedia professional with 5 years industry experience. I specialize in User Interface Design, Web Development & Graphic Design.

I am highly competent in a wide variety of tools and technologies, however I strictly focus on Figma, Adobe XD, Photoshop, InDesign and Illustrator.

For development purposes, I use technologies such as HTML, CSS, JavaScript (React), Webflow, Wix & WordPress.

Having a background in development has really amplified my design skills. Not only can I conceptualize a design or interface from scratch, but I can also build it using code.

Experience

2022

Web Developer

MRI Software | July 2022 - Present

In this role as Web Developer, I have the following responsibilities:

• Maintenence of 10+ regional websites in WordPress and 20+ merger websites.
• Designing and developing landing pages.
• Liaising with stakeholders on marketing projects.
• Image editing.

My daily tech stack includes HTML, CSS & JavaScript. On a regular basis I use tools such as Visual Studio Code, Salesforce, Figma, Photoshop and Illustrator.

2021

Graphic Designer

Mission Holding Group | March 2021 - June 2022

In this role as a Graphic Designer, I had the following responsibilities:

• Print & digital design.
• Real estate photography.
• Video Editing.
• Management of WordPress sites.
• Management of Facebook Ads.

My daily tech stack included Adobe Photoshop, InDesign, Illustrator, & XD.

2020

Web Developer/UI Designer

Palisson Technologies (Own company) | March 2020 - Present

From the beginning of 2020, I took a leap of faith and started my own business in which I offered my services for creating websites for small to medium sized businesses.

The decision to explore the world of freelancing has also helped me a great deal in expressing my skills in my own capacity, such as; conceptualization, project management, time management, client engagement, documentation skills and effective communication.

Customer Service Associate

2020

Amazon | June 2020 - March 2021

In this role I was part of a team of customer service personnel tasked with assisting customers from the North American market of Amazon. It entailed assisting clients with queries about physical and digital orders. I was also trained in handling technical troubleshooting queries.

Web Developer

2018

Computer Science Software (Pty) Ltd | November 2018 - December 2019

As of November 2018, I took up the position of Intern Web Developer at Computer Science Software (Pty) Ltd. Tasks included:

• Redesigning the company's website with modern user interface capabilities and functionalities.
• Creating an HTML/JSP based help section in the company's proprietary software suite.
• Creating interactive video guides for new clients on how to use the company's software suite.
